**Session 3 – Targeting Expressive Language, Speech Sound and Social Communication Skills**  
Thursday 16<sup>th</sup> June 2022, 3.30-5.00pm

These sessions will be delivered by Kirstie Page, a Speech, Language & Early Literacy Consultant and creator of Launchpad for Literacy. The content is designed to be complementary so attendance at all 3 sessions is advised. However, they will also function as stand-alone sessions if needed.

All sessions aim to increase participants' knowledge of Speech, Language & Communication Development. Although the content will be applicable for all children within the EYFS, there will be a definite focus on identifying and supporting children with skill gaps and SLCN.

The practical strategies and ideas within the training will focus on embedding interventions into targeted practice rather than withdrawing children for isolated interventions. We will look at how interventions can be embedded into interactions, daily routines and a targeted use of the learning environment. The need to give parents specific, positive and achievable next steps for their child will also be discussed.
